

Product Overview COM Express

[conga-BM57](#)

COM Express Type 2 module featuring 32 nm processors up Intel® Core™ i7

[conga-BM45](#)

High End COM Express™ Basic Module, Intel® GM45/ICH9-M chipset, Intel® Core 2 Duo Processor, 8 GByte dual channel DDR3 memory

[conga-BS45](#)

High End COM Express™ Basic Module, Intel® GS45/ICH9ME-SFF chipset, Intel® Core 2 Duo Processor, 8 GByte dual channel DDR3 memory

[conga-CS45](#)

High End COM Express™ Compact Module, Intel® GS45/ICH9ME-SFF chipset, Intel® Core 2 Duo Processor, 4 GByte single channel DDR3 memory

[conga-B945](#)

Dual Core COM Express™ Module, Dual Channel Memory

[conga-BA945](#)

COM Express Modul with Intel® Atom™ Prozessor and High Performance Graphics

[conga-CA945](#)

Compact, COM Express™ Type 2 compatible Module, Intel® Atom™ N270 and Intel® 945GSE

[conga-B915](#)

COM Express™ Basic, Intel® Celeron® M, Intel® 915GME, Gigabit Ethernet

[conga-CA](#)

Compact, COM Express™ Type 2 compatible Module, Intel® Atom™ processor Z5xx series and Intel® USW15

[conga-CAx](#)

First Full Industrial Grade Module Based on Intel® Atom™ Processor Z5xx Series

[conga-CLX](#)

Compact, COM Express Type 2 compatible Module, AMD Geode LX 800

[Accessories](#)

Accessories and engineering tools specifically designed for COM Express
