

New DC/DC Converters

C4000RW

A family of high performance, single output 40W DC/DCs.

These units feature:

- 40W Output Power
- Wide 2:1 Input Range
- 1,500 VDC Isolation
- 90% Efficiency
- Wide Temperature Operation
- Compact 2" x 2" Case

B1500ERW

A family of low cost, high performance, 15W DC/DCs.

These units feature:

- 15W Output Power
- Wide 2:1 Input Range
- Compact 1" x 2" Case
- Single & Dual Outputs
- -40°C to +85°C Operation
- Low Cost !!!

A500RH

A family of very high isolation, regulated 5W DC/DCs.

These units feature:

- 5W Output Power
- <2 μ A of Leakage Current
- Compact DIP Case
- Meets EN55022
- Single & Dual Outputs
- 6 kVDC I/O Isolation

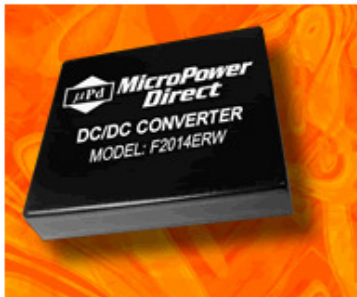

F2500RU

A family of very wide input, high performance, 25W DC/DCs.

These units feature:

- 25W Output Power
- Compact 1.6" x 2" Case
- Meets EN550222
- Single & Dual Outputs
- Industry Standard Pin-Out
- Wide 4:1 Input Range

F2000ERW

A family of low cost, high performance, 20W DC/DCs.

These units feature:

- 20W Output Power
- Wide 2:1 Input Range
- Compact 1.6" x 2" Case
- Efficiency to 87%
- Industry Standard Pin-Out
- Low, Low Cost!!
